EBC Family,

I hope you are enjoying our study through the book of Daniel. I told a friend today that this might be my favorite book of the Bible that I've preached through. My study on the second half of the book is going well. I'm learning lots and I hope you are, too. This Sunday night we will be talking about one of the most "Baptist" of theological distinctives - regenerate church membership. That might not sound like an interesting topic, but it has massive implications for every church. Unfortunately, it's a distinctive we as Baptists have largely lost over the past 100 years - which has led to a crisis. The membership rolls of Baptist churches are now swollen with people that aren't even an active part of the church's life and ministry together - which is actually a Roman Catholic or Anglican approach to belonging to a church. Come this Sunday night at 6:00 to learn more about regenerative church membership and why it's worth reclaiming this original Baptist distinctive. It's a privilege to belong to the EBC Family,

Pastor Clint
